FRIDAY QUIZ ESSAY ANSWER OPTIONS
Choose one of the following methods of answering the Friday Quiz Questions. Choose carefully – I will be happy to review what you have for options 1 and 2. If you choose option 3, you will not have the opportunity for me to review it before turning it in for final grading as it will disrupt those testing around you.

1. You can do a comic strip or a rhyming poem ahead of time. You need to be very very detailed in both pictures and words. I do not expect perfect artwork, but it should be very clear what the picture is and not sloppily done either - it should be colored or shaded appropriately. You will most likely not be able to do this in less than 10 “frames” or lines. You only need to do one of these questions. You will need to answer 2-3 multiple choice questions on the quiz. (I will be happy to review what you have to make sure you are on the right track.)

2. You can answer both questions on your test in paragraph form (at least 5 sentences). Show me the written paragraphs you have prepared, and you can use a list of your OWN words (up to 7 words) to help you write the paragraphs. You will need to answer 2-3 multiple choice Qs. (I will be happy to review what you have to make sure you are on the right track.)

3. You do not have to prepare to answer these questions ahead of time. I will provide 3 words per question in a word bank to help you. You need to answer both questions (at least 5 sentences for a good answer). You will need to answer 2-3 multiple choice questions. (I will NOT review what you have written to make sure you are on the right track while we are testing.)
